

Fugitive

The phrase '*finding a needle in a haystack*' could easily be applied to the Corporate Challenge Events Fugitive program. Somewhere out there, a fugitive is on the loose - in the dark alleys of the CBD or perhaps lurking and disguised in some of Melbourne's iconic locations.

Be on guard though, as the fugitive has a few tricks of their own to avoid capture and other teams will also be laying false trails to confuse the competition. If your team overcomes all of these obstacles, does a team member then have the courage to step up to someone and ask 'are you the Corporate Challenge Events Fugitive?'
